## Don't You Do It!

When you feel sick don't fill your system with liquid death by taking Alcohol and Drugs. Those who have been doing this are out in the cemetery—most of them. The rest are going that way fast.

Science has taught us to help Nature build diseased bodies new all over by supplying the material. Stimulants are Death's whips. Our Chemists and Physicians worked 10 years. We expended \$500,000.00. As a result we discovered the most wonderful life-giving compound ever found. It is called

## NU-TRI-OLA

By its aid Nature restores every part of the system to perfect health. You can't take it and remain sick long. IT WILL MAKE YOU WELL. Drugs will kill you. Proof—look at the cemetery. The difference between NU-TRIOLA and other treatment is shown by hundreds of cases "incurable" by others that we have cured.

Illinois Bank Robbed.

Mount Carmel, Ill., Nov. 29.—The American Exchange bank at Brown's near here was robbed early in the day. The burglars secured about \$1,000, but overlooked \$2,500 under the carpet on the floor of the safe. A part of the safe was blown through the building which was badly wrecked.

## GALE ON GREAT LAKES

WORST STORM IN YEARS CAUSES HEAVY LOSS TO SHIPPING ON INLAND SEAS.

## THREE WRECKS AT DULUTH

BIG FREIGHT STEAMERS DRIVEN ASHORE AT THAT PORT BY WIND AND WAVE.

## MANY LIVES ARE IN DANGER

TWENTY-SEVEN MEN ON BOARD THE PARTIALLY SUNKEN STEAMER MATAAFA.

Duluth, Nov. 29.—One life lost, three other persons believed to have perished and the big ore carrier Mataafa of the Pittsburgh Steamship company wrecked tells the tale of the most thrilling, horrifying and spectacular marine disaster at the Head of the Lakes in recent years. The steamer is resting in fifteen feet of water within 100 yards of the shore while its crew of twenty-seven members are being subjected to the fury of wind and wave. After going on the bottom three of the crew who were aft made the journey to the fore part of the craft, followed by a fourth, who retreated after having been washed off the deck and nearly into the lake. He caught a projection, however, and crawled back to the deck, thence to the boat's stern. The tragic spectacle was witnessed by 10,000 spectators on shore, who raised their hats and shouted lustily when they saw him regain apparent safety.

Efforts to rescue the crew were practically abandoned at midnight by the lifesaving crew. The night was bitterly cold, a northeast wind blew at the rate of sixty-five miles an hour and a heavy snowstorm made it impossible to work to any advantage. Three times lines were shot out to the stranded craft but the men on board failed to reach them and so were left to their fate. In the morning it is believed the sea will have abated sufficiently to permit of the use of lifesaving boats, which was utterly impossible at night.

### Carried Into the Sea.

At the moment the boat struck the canal pier one of the crew was seen to make a jump for it but he was carried into the sea by the stiff gale. Three others just behind him were seen no more by those on shore, but it could not be determined whether they were jostled off the boat or retreated.

Huddled in the pilothouse are believed to be most of the crew and it is believed that they will be saved in the morning, providing the gale does not increase.

Aft are four men, however, and if they are saved it will be little short of miraculous, as they have been subjected to the bitter elements all afternoon and night.

The Mataafa was wrecked in one of the most terrific gales in the history of navigation on the Great Lakes, even surpassing in fury the terrible storm of last September, in which so many men lost their lives in the vicinity of the Apostle Islands. Two other big lake steamers were driven ashore within sight of the lighthouse at the Duluth entrance to the local harbor.

The other wrecks are the Crescent City of the Pittsburgh Steamship company, and the R. W. England, owned by the England Transportation company of Cleveland. As soon as interrupted telegraphic communication with other lake ports is resumed it is expected that further reports of wrecks will be received, for the storm is thought to have been a record-breaking one. For thirteen consecutive hours the velocity of the wind averaged sixty miles an hour and at times blew at the rate of seventy miles an hour.

### Vessel Being Pounded to Pieces.

The Mataafa is being slowly pounded to pieces. The crew of the Crescent City escaped, but the boat is a total wreck. Captain R. W. England is the only man who left the England. The vessel is lying on the sand, and is in no danger of going to pieces. The captain was taken off by the lifesaving crew with the help of a breeches buoy. The sailors will remain on the boat over night.

Unless the wind soon abates the Mataafa will be a total loss. The Mataafa's accident was the most unfortunate of the three. She struck the north pier of the harbor entrance while making her way into the harbor, and was unable to get through the canal. She swung around and ran aground just north of the pier, where she is now being raked by the waves,

every one of which dashes completely over her. The accident occurred at about 3 o'clock and was witnessed by a large crowd on shore.

The Crescent, Captain Frank Rice, was the first of the three to go aground. She went on the rocks six or seven miles from Duluth at 6 a. m. Every member of the crew of twenty-six men escaped and none was seriously injured, although several received severe cuts and scratches during the fierce battle that was waged with the elements before the big craft finally hit the rocks. It was a miraculous escape for all of them and had it not been for the fact that the boat happened to hit in such a way as to bring her port side up against a rock and thus afford a natural landing place for members of the crew, some of them would undoubtedly have been drowned.

The R. W. England, named after her captain, is lying on a sand beach on Minnesota Point, four miles south of the harbor entrance. She struck at 12:40 p. m., during a blinding snowstorm. There was so much snow that Captain England could not see land ahead until it was too late to turn. He allowed the steamer to take in considerable water for ballast before she was driven ashore. There is no danger of her breaking up.

The scow George Herbert was sunk off Two Islands, on the north shore, and it is reported that five men were drowned.

The United States Steel corporation's steamer Mariposa is said to be ashore at Split Rock.

The damage by the storm is estimated at \$1,000,000.

### FROM DULUTH TO THE SOO.

Terrific Wind Storm Sweeps Over Lake Superior.

Detroit, Nov. 29.—Lake Superior from Duluth to the Soo, the Upper Peninsula of Michigan, the upper ends of Lakes Huron and Michigan and the northern counties of Lower Michigan are being swept by a terrific wind and snowstorm.

Marquette reports an unusually heavy snowfall for this time of the year, with drifts so high that train and traction service is impeded and greatly delayed. Tremendous seas are running on Lake Superior off Marquette harbor and more than a dozen vessels are riding out the gale inside the breakwater there. Many wires are down between Marquette and the north and communication is demoralized.

The greatest damage reported from Lake Huron as a result of the gale is at Alpena. The waterlogged barge Harvey Bissell, which was tied at a dock, was torn to pieces by the gale; the barge Vinland broke away from her consort and is aground and the small passenger and freight steamer City of Holland went on the rocks while trying to make the harbor at Rogers City. The passengers and crew were rescued. Docks and other water side property sustained heavy damage at Alpena. Much damage was also done on Thunder Bay Island, where the weather station and watch house were surrounded with water and the northern portion of the island was submerged.

### Small Schooner Beached.

More than a dozen vessels are in shelter at Port Huron at the lower end of Lake Huron. One small schooner, the J. M. Spaulding, went on the beach near Fort Gratiot. The crew of four men reached shore safely.

Ludington reports a forty-mile gale sweeping the upper end of Lake Michigan. Thousands of dollars damage was done to waterside property at Menominee and along the west shore of Green Bay. The straits of Mackinaw were lashed during the day by the worst gale in years.

From Fort Williams, Ont., on the north shore of Lake Superior, comes news of the beaching of the Canadian steamer Rosemount on Welcome island. The Rosemount is not greatly damaged and her crew are in little danger.

The steamer Jim Sheriffs, with the barges Mowatt and E. T. Judd in tow, has returned to Alpena without her barges and with one spar and her deck load of lumber gone. The barges broke away in the storm. An unknown barge is at anchor off Black river and is supposed to be the Mowatt. Nothing whatever has been heard from the E. T. Judd and it is feared that she may be lost. Captain Jex of Toledo commands the Judd and has a crew of about six men.

### GREATEST STORM IN YEARS.

Gale on the Great Lakes Causes Heavy Damage.

Milwaukee, Nov. 29.—The greatest storm in many years prevails on the Great Lakes, causing much damage to shipping and other property. Lake Michigan on this shore was a mass of foam, while the water was driven high on the beach and against the clay banks south and north of Milwaukee. The gale on the lake was impelled by a wind which reached a velocity of forty-six miles an hour, but on Lake Superior the storm approximated a hurricane, racing at over sixty miles an hour. On the most northerly lake the storm was accompanied by snow, making navigation more perilous than ever. The entire Lake Superior country is buried under snow. The government lighthouse and fog signal building at the end of the Milwaukee

### MARRIAGE

Mr. Herman E. Davis and Miss Kathryn E. Hurley Married at 9 O'clock this Morning

### WAS A VERY PLEASANT AFFAIR

Wedding Breakfast Served at Home of Bride's Sister—Both Popular Young People

The marriage of Mr. Herman E. Davis and Miss Kathryn E. Hurley, both popular and well known young people of this city, occurred this morning at 9 o'clock at St. Francis' church, Rev. Father D. W. Lynch officiating.

The wedding was a very pretty affair and notwithstanding the inclemency of the weather quite a large number were present at the church. Mrs. J. P. Early presided at the organ during the ceremony.

Promptly at 9 o'clock the wedding party appeared at the entrance. They were lead as they walked down the aisle toward the altar by the two ushers, Mr. R. E. Doran and Mr. J. J. Cummings Jr. Immediately following the ushers came the maid of honor, Miss Maud O'Brien, leaning on the arm of the bridegroom. They were followed by the bride leaning on the arm of her brother, Mr. Herbert Hurley, who was best man. At the chancel the bride took the arm of the bridegroom and they marched slowly up to the altar where the marriage vows were spoken.

Immediately following the ceremony at the church the wedding party with a few intimate friends and relatives repaired to the home of the bride's sister, Mrs. J. F. Russell, where the wedding breakfast was served. The dining room was very attractive. A large plateau surmounted by a huge bouquet of red roses formed the center piece and from this were strung pretty strings of smilax to different points of the table. Four red tapers occupied prominent positions on the table which set the scheme off with good effect. The Misses Kitty Johnson and Mabel O'Brien presided in the dining room.

The bride wore a gown made of white chiffon over white taffeta with hat to match and carried a shower bouquet of lilies of the valley and looked very beautiful. Miss Maud O'Brien, the maid of honor, wore a gown made of silk mull over pink silk taffeta. She carried a bouquet of pink roses.

The bride is a very popular young lady among a large circle of friends, and is the youngest daughter of J. F. Hurley, a well known resident of the city. The groom is a popular employee of the Northern Pacific here. Mr. and Mrs. Davis left for the cities this afternoon and they will also visit at Long Prairie, the home of Mr. Davis, and points in North Dakota. They have the best wishes of a large circle of friends in Brainerd.

## THE STORM RAGED ON

Snowed Nearly all Night Again Last Night and Weather Turned Much Colder Toward Morning

The storm which has played havoc throughout the northwest made a two days' affair of it and last night it was just as stormy although was not quite as much snow fell. It snowed, however, and at times quite hard. The wind blew nearly all night and drifted the snow quite badly. The trains were still further delayed, but it is thought by tonight they will all be running on time.

## SNYDER SHOE

### STORE ROBBED

Someone Gained An Entrance Through Rear Window By Breaking the Glass

### SEVERAL PAIRS OF SHOES TAKEN

Unwelcome Customer was Particular as to Sizes He Took as Stock was Ransacked

The shoe store of A. V. Snyder on Sixth street was entered last night by burglars and several pairs of shoes approximately valued at \$30 were taken.

The burglar effected an entrance through the rear window. There was a storm window on the outside and with a heavy stick the intruder broke the glass in both the outside and inside windows, crawled in and evidently took his time. He went through the boxes presumably looking for the sizes that he wanted which ranged from 7 to 10. The boxes were littered all over the store when it was opened up this morning. The burglar after he secured what he wanted unlocked the back door and walked out without further ceremony.

There are several who room on the floor above just over the store, but they heard not a sound of the breaking of the glass or of the man opening the door and closing it when he went out.

Chief Simmons was notified and he is busily working on the case.

Brainerd Has To Bow To The Inevitable—Scores Of Citizens Prove it

After the reader has read the public statement of this representative citizen of Brainerd given below, he must fairly, squarely and honestly come to this conclusion: "A remedy which cured years ago, which had kept the party in good health since, can be relied upon to perform the same work under similar circumstances. Read this:

Chris Hanson, of 1412 E. Oak St., Brainerd, Minn., says: "The lapse of time has not diminished my confidence in Doan's Kidney Pills which I recommended in a testimonial given in 1898. As I stated at that time, we found this remedy to be a sure cure for children afflicted with weakness of the kidneys. Our boy has been troubled in this way at night, but Doan's Kidney Pills which we got at H. P. Dunn & Co.'s drug store, gave him prompt and effective relief. Since then I have used Doan's Kidney Pills myself for backache and they banished my trouble in short time."

### PERISH IN WRECK

Of Steamer Mataala at Mouth Of Duluth Ship Canal Yesterday Afternoon

### WRECK OCCURRED ON TUESDAY

But a Majority of the Crew was Not Rescued Until Wednesday Morning

#### SPECIAL TO THE DISPATCH:

Duluth, Minn., 1:35 p. m.—Nine men dead including the entire engineering crew is the terrible result of the wreck of the steamer Mataala at the mouth of the Duluth ship canal. The life saving crew began work at five yesterday afternoon and continued its efforts to save the crew until midnight, when the attempt was abandoned until daylight. This morning a line was shot across the vessel and fifteen men were rescued. The other nine succumbed to the cold or drowned.

#### Sergt. Witte is Dead.

The following regarding Sergt. Witte, for a time stationed in this city at the Ransford, is taken from the Duluth Herald: "Sergt. Julius Witte, connected for some time with the Duluth recruiting station of the United States army under Lieut. O. H. Dockery, died at St. Mary's hospital shortly after 4 o'clock yesterday afternoon from an attack of typhoid fever. He had been sent out to the substations, and when at Grand Rapids ten days ago he became so ill that he was obliged to return to Duluth and go to the hospital. "Arrangements will be made immediately to have the remains sent to the Fort Snelling military burying ground for interment, as no relatives have as yet been located, although attempts have been made by mail and telegraph. Witte has a sister at Davenport, Ia., but efforts to communicate with her there have been unsuccessful. He was serving his third term of enlistment."

## THE ROAR OF CANNON

MAY SOON RESOUND FROM THE HILLS ABOVE THE HARBOR OF SEBASTOPOL.

### LAST DAY OF GRACE EXPIRES

BUT MUTINOUS SAILORS SHOW NO SIGNS OF BEING READY TO SURRENDER.

St. Petersburg, Nov. 29.—The last day of grace accorded the mutineers at Sebastopol expired at midnight with no signs of surrender on the part of the men. The hills towering above the harbor of the Russian stronghold in the Black sea may soon resound, as they did in the days of the Crimean war, with the roar of musketry and cannon should the government attempt to carry out its announced intention of crushing the revolt with the mailed fist.

The rebellious sailors are playing a waiting game and apparently have full confidence that the guns of the fleet will not be turned against them. If they have not actually disregarded the summons to haul down the red flag they seem determined to make the authorities show their hand.

Whether General Nepluff, the commandant of the fortress, who was released by the mutineers and who relieved General Baron Meller Gakomolskio, will dare to accept the challenge of the mutineers and stake the discipline and loyalty not only of the troops at his disposal, but of the whole army on the coast is, however, doubtful.

Dispatches from a score of garrisons in Russia show that the land forces of the empire are in a state of discontent and any order to the troops to fire upon their comrades in the siber branch of the service might possibly precipitate a general and widespread mutiny. On the other hand it would be difficult to starve out the sailors by a regular siege, as provisions and water can be obtained by them and as they are under the guns of not unfriendly warships.

### Report of Mutiny Incorrect.

The report that the whole fleet had gone over to the mutineers under the command of Lieutenant Schmidt, the revolutionary commander of the cruiser Otchakoff, is incorrect, though the officers of the other ships, as during Vice Admiral Kruger's abortive demonstration against the mutineers on the Khlaz Potemkine (now the Panteleimon) at Odessa, probably will be unable to obtain obedience of the men for the carrying out of any measures against their comrades.

The staff quarters at Sebastopol are guarded by Cossacks and the officers in the streets are accompanied by escorts of Cossacks, the only branch of the service the fidelity of which is absolutely unquestioned. Even the members of the guard regiments, who are pets of the imperial family and superlatively paid and treated as compared with the members of other regiments, are joining in the revolutionary movement. Two hundred and fifty men of the guard regiments who were said to have been leaders in spreading the revolutionary propaganda were arrested at their barracks Sunday night. It is reported that the sailors of the guard equipages from which the crews for the imperial yachts are drawn will be removed to St. Petersburg on account of disaffection among them.

The counsel for national defense held a protracted session during the day at which the situation was discussed.

The rumblings of another general strike are becoming louder. The post and telegraph officials at Moscow already have gone out and the strike has spread to twelve other cities. The general workmen's council has summoned a conference of the leaders throughout the empire to meet this week to discuss the possibility of a national strike in sympathy with the locked out workers of St. Petersburg. There is a strong feeling against such a strike, however, not only on account of the poverty of the workmen, but because it would interfere with the great strike planned for January.

### Russian Soldiers Arrested.

St. Petersburg, Nov. 29.—The soldiers attached to the military school of electricity have been arrested by four battalions of the Pavlovsky regiment and taken to the fortress of St. Peter and St. Paul.

### ABOLISHES GAME OF FOOTBALL.

Columbia University Puts Ban on Game as at Present Played.

New York, Nov. 29.—Columbia university has abolished the game of football as at present played as one of the sports in which students of the university will be permitted to engage.

This action was taken at a meeting of Columbia university committee on student organizations held at the university, at which were present the members of the committee, Professor Lord, chairman; Professor Mitchell and Professor Odell and also President Butler and Dean Kirchvey and Professor Bogart, the two latter former chairmen of the committee.

The action of this committee is final. The students are not permitted to play without the consent of the committee, and if they do so they render themselves liable to expulsion.

## SUFFRAGE FOR AUSTRIANS.

Monster Demonstrations Bring Promise of Reforms.

Vienna, Nov. 29.—A new epoch in Austrian history occurred during the day for the Austrian people throughout the entire land made known to the crown their imperial demand for equal suffrage, and even as this demand was being voiced, the crown, through Premier Baron Gautch von Frankenthurn in parliament, was assuring the people that its will would be done. The premier promised to bring in by the end of February a bill providing for a full and free universal equal and direct suffrage.

The people made known their demand by a series of monster demonstrations in all the principal cities and towns of the country. From only one town, Austerlitz, are serious disorders reported. There the troops fired on disorderly demonstrators, killing two and wounding thirty. Otherwise the demonstrations were characterized by the maintenance of order and dignity.

Hundreds of thousands of men paraded, thus emphasizing their demand for political freedom. Such a demonstration was never before witnessed in Austria. The most impressive feature of the whole day in Vienna was found in the fact that not a single voice was raised as the masses marched silently but earnestly and with unmistakable determination.

Parliament opened at 11 o'clock and at noon Premier Baron Gautch von Frankenthurn announced the granting of suffrage to the people.

## PROPERTY OF CUBA

### SECRETARY ROOT SAYS UNITED STATES WILL NOT TRY TO GET ISLE OF PINES.

Washington, Nov. 29.—The administration during the day dashed the hopes of the little band of American colonists on the Isle of Pines, who have been working toward the separation of the island from Cuba and its inclusion in the United States, when Secretary Root after consultation with the president made public the text of a letter which he had addressed to Charles Raynard, president of the American club of the Isle of Pines, defining the attitude of the United States government toward the proposed formation of a territorial government in the island as a part of the United States. The secretary was most pointed in the statements in his letter, which is in part as follows:

"I have received your letter of Oct. 25 in which you say: 'Kindly advise me at your earliest convenience the necessary procedure to establish a territorial form of government for the Isle of Pines, West Indies, U. S. A.'"

"It is no part of the duties of the secretary of state to give advice upon such subjects. I think it proper, however, to answer your inquiry so far as it may be necessary to remove an error under which you appear to rest concerning the status of the Isle of Pines and your rights as residents of that island. There is no procedure by which you and your associates can lawfully establish a territorial government in that island. The island is lawfully subject to the control and government of the republic of Cuba and you and your associates are bound to render obedience to the laws of that country so long as you remain on the island. If you fail in that obedience you will be justly liable to prosecution in the Cuban courts and to such punishment as may be provided by the laws of Cuba for such offense as you commit."

"You may be sure Cuba would not consent to give up control over the island and the United States will not try to force her to give it up."

### MEDICAL MEN TESTIFY.

Give Their Opinions as to Cause of Midshipman Branch's Death.

Annapolis, Md., Nov. 29.—The autopsy held last Sunday on the body of the late Midshipman James R. Branch, Jr., bore fruit at the day's session of the courtmartial which is trying Midshipman Miner Meriwether on charges, inclusive of manslaughter, in connection with the death of Midshipman Branch, after a fist fight with Meriwether. The day's testimony was given chiefly by medical men who had been present at the autopsy and bore on the question whether the death of Midshipman Branch resulted from blows of his opponent's fist or from his head striking the floor of the building in which the fight was held, previous testimony having shown that Branch fell or was knocked down several times during the encounter. The medical men testified that Branch's death resulted from hemorrhage under the covering of the brain, which they believed was caused by the victim's head coming in contact with some hard substance, like a floor or wall.

Counsel for Midshipman Meriwether announced that after putting the accused on the stand in his own defense they will close their case.

### Stabbed During Political Quarrel.

Chicago, Nov. 29.—John H. Kopf, one of the commissioners of Cook county, was stabbed during a political quarrel with George Roberts, an election clerk Roberts plunged a knife into Kopf's abdomen. Roberts was arrested.

## MUSIC AND DRAMA.

### MISS MILDRED HOLLAND

The seat sale for the production of "The Triumph of an Empress," in which Mildred Holland will portray the role of Catherine the Great of Russia, at the Brainerd opera house on Friday night, will open tomorrow morning at Dunn's. It will be one of the most interesting events of the dramatic season.

The action of the play takes place between 1759-1762. Only the nobler side of the fearless Catherine is brought into the dramatic action from which the dramatist has constructed a most interesting and well sustained romance.

Many of the important personages who participated in the glories of the "Semiramis of the North" figure prominently in the play, notably Peter III, Prince Potemkin, Prince Gallitzin, Count Orlat, Countess Louise Dashkoff and Countess Vorontzof. As Catherine, Miss Holland is given an opportunity, such as comes to few actresses in a lifetime. The role is fitted to her undeniably superb talents, and is imposing in the grandeur of its artistic opportunities. Prices \$1, 75, 50 and 25c.

### "THE SULTAN OF SULU."

The seat sale George Ade's clever musical satire, "The Sultan of Sulu," presented in the form in which it attained popularity on Broadway during its original run and which will be given at the Brainerd opera house on Monday, Dec. 4, will open at H. P. Dunn & Co's. on Saturday morning at 10 o'clock.

George Ade is distinctly American in his hum and for this reason has a large following both in his literary and dramatic writing. Not only has he become familiar with the public generally with his "Fables in Slang," but he has written a half dozen of the best comedies now before the public, "Peggy from Paris," "The Sho Gun," County Chairman," and "The College Widow" being the best known. "The Sultan of Sulu" occupies a field peculiarly its own for the pictorial features that cover the weaknesses of many so called lyric entertainers are tastefully subordinated and the gist of the play is offered in a well written, clearly conceived and whimsical comedy, embellished with a tuneful and popular score dignified in treatment, yet so melodious it catches at once the receptive ear of the music loving public. Prices \$1.50, \$1, 75 and 50c.

### "WHY WOMEN SIN"

Miss Bernice Howard, the leading woman of "Why Women Sin," is not only a good actress, but a clever writer. Miss Howard has written a number of contributions to the leading magazines. She is an English girl and underwent a long and arduous education in a convent. The young actress is considered one of the beautiful women of the stage. At the Brainerd opera house, Wednesday, Dec. 6.

### Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
